Greetings!						
It looks like you are running the application in the first time. If you want to configure the application to run your portal, press "Configure application". If you want to restore settings from a backup, press "Restore setting". If you don't want to configure the application now, press "Close".						
After you finished configuring th menu. To open the menu press "Menu" If your remote control doesn't ha	e app you may load your portal key on your remote control. ave a "Menu" key, press and hold	from menu "Profiles" in the main "OK" instead to open menu.				
CONFIGURE APPLICATION	RESTORE SETTINGS	CLOSE				

You need to **contact us** and give us the numbers you see at the bottom-right part of your screen, so we can activate the service.

After activation you need to press the MENU button (the one with the 3 lines) on your remote, then go to PROFILE, and click twice, so you can enter the service
